INDEX TO VOLUME XXIII

A

Acidosis in infancy, persistent (W. W. Payne), 145
ALLIBONE, E. C.: Further observations on the significance of the blood pyruvic acid level in infancy, 7
Amino acids in the feeding of infants (J. M. Smellie), 98
Anaemia, chronic hypoplastic, arising in infancy (Thomas Robson and Patrick J. Sweeney), 294
Aortic arch, congenital interruption of (Margaret Sewart), 63
Arthritis, neonatal, due to proteus vulgaris (Andrew Bogdanovitch), 65
ASHCROFT, D. Walker (and A. P. Norman): Congenital atresia of posterior choanae, 210
ASHER, C.: Relation of birth weight to mental development, 142
Atresia, congenital, of posterior choanae (D. Walker Ashcroft and A. P. Norman), 210
Azotaemia in infancy (S. A. Doxiadis), 50

B

BALF, C.: Neonatal behaviour of infants born (a) by spontaneous, and (b) by forceps delivery, 142
BARLOW, Andrew (and R. A. McCance): The nitrogen partition in newborn infants' urine, 225
BENN, Joseph: Nutritional state of children with chronic heart disease, 171
BERESFORD, O. D. (and P. D. Samman): Congenital skin defects of the newborn, 190
BERKELEY, Joseph: Occurrence of oedema in infantile gastro-enteritis, 114
Birth weight, relation to mental development (C. Asher), 142
Blood pyruvic acid level in infancy (E. C. Allibone), 7
BOGDANOVITCH, Andrew: Neonatal arthritis due to proteus vulgaris, 65
BOOK REVIEWS: The Child's Lung, 66; The Foundations of Health in Childhood, 67; Paediatrics for Nurses, 67; 1947 Year Book of Pediatrics, 67; Developmental Diagnosis, 67; Infant Nutrition, 67; Psychiatric Examination of the School Child, 68; Gardiner's Handbook of Skin Diseases, 68; Essentials of Fevers, 68; Diseases of the Ear, Nose, and Throat, 68; Studies of the Free Art Expression of Behaviour Problem Children etc., 68; Fundamentals of Immunology, 68; Aids to the Diagnosis and Treatment of Diseases of Children, 68; Nursing of Tuberculosis, 68; Medical Annual, 1947, 68; Mothercraft in Pictures, 68; Garrod, Batten and Thursfield's Diseases of Children, 147; Polycories, 147; Le Syndrome de Diabète Rénale avec Rachitisme Osteomalacique Incurable et Troubles du Développement chez l'Enfant, 147; Introduction to Physical Methods of Treatment in Psychiatry, 147; Catalogue of Medical Films, 147; Diagnosis of Threadworm Infestation, 148; Congenital Malformations of the Heart, 212; Eléments de Puériculture, 212; Malaria im Kindesalter, 212; Breast Feeding, 212; Advances in Pediatrics, 300; Notes on Infant Feeding, 300; The Rh Blood Groups and their Clinical Effects, 300; The Radiology of Bones and Joints, 300; Tuberculosis in Childhood, 300; Modern Methods of Infant Management, 301
Boys, puberty growth of (Richard W. B. Ellis), 17
BRITISH PAEDIATRIC ASSOCIATION: Nineteenth Annual Meeting, 140; Business proceedings, 140; Activities of executive committee, 140; Scientific proceedings, 142
Bronchiectatic children, place of residential school in the treatment of (A. White Franklin), 144
BROWN, E. H.: Giardia lamblia, 119
BRUYNE, J. I. de (and S. van Creveld): On the cause of nuclear jaundice in neonatal sepsis with jaundice, 84
BUCKLER, F. R.: An epidemic of glandular fever, 90
Bullous lesion at birth (Simon Yudkin), 61

C

Casein hydrolysate for liver failure in gastro-enteritis (B. Schlesinger), 143
CATHIE, I. A. B. (and S. D. V. Weller): H. influenzae meningitis, 205
Cerebral palsy, antecedents of infantile (P. R. Evans), 213
Choanae, congenital atresia of posterior (D. Walker Ashcroft and A. P. Norman), 210
Choroidal tubercle (T. Wright), 143
CLAIREAUX, A. E. (and D. N. Nicholson): Sclerema adiposum, 290
CLARK, Norman S.: Complete heart block in children: three cases possibly attributable to measles, 156
CLARKE, G. H. V.: Infective granuloma of the genitals in children, 297
Coeliac disease, folic acid in (John Duncan Hay), 220
Congenital atresia of posterior choanae (D. Walker Ashcroft and A. P. Norman), 210
Congenital defect of the scalp (Simon Yudkin), 61
Congenital disease of the heart with sub-diaphragmatic situs inversus (R. H. Hardy), 132
Congenital fibrocystic disease of the pancreas (Agnes R. Macgregor and Kenneth Rhaney), 56
Congenital interruption of the aortic arch (Margaret Sewart), 63
Congenital malformations, relationship between maternal conditions during pregnancy and (Bernard Landtman), 237
Congenital skin defects of the newborn (O. D. Beresford and P. D. Samman), 190
Convulsions in childhood (R. A. Shanks), 281
CREVELD, S. van: Splenic panhaematopenia, 163
CREVELD, S. van (and J. I. de Bruyne): On the cause of nuclear jaundice in neonatal sepsis with jaundice, 84
Czechoslovakia, perinatal deaths in (H. Šikl), 231

D

Delivery, spontaneous and forceps (C. Balf), 142
DOXIADIS, S. A.: Azotaemia in infancy, 50
DOXIADIS, S. A. (and D. McLean): Erythema nodosum in children following the administration of sulphathiazole, 273
DRILLIEN, Cecil Mary: Studies in prematurity, 69

E

ELGOOD, F. R. M.: Intestinal distension in infants, 144
ELLIS, Richard W. B.: Puberty growth of boys, 17
Erb's palsy (B. Wolman), 129
Erythema exudativum multiforme in childhood (A. V. Neale), 183
Erythema nodosum in children following administration of sulphathiazole (S. A. Doxiadis and D. McLean), 273
European milk problem (Henry F. Helmholz), 149
EVANS, P. R.: Antecedents of infantile cerebral palsy, 213

CREVELD, S. van (and J. I. de Bruyne): On the cause of nuclear jaundice in neonatal sepsis with jaundice, 84
Czechoslovakia, perinatal deaths in (H. Šikl), 231

D

Delivery, spontaneous and forceps (C. Balf), 142
DOXIADIS, S. A.: Azotaemia in infancy, 50
DOXIADIS, S. A. (and D. McLean): Erythema nodosum in children following the administration of sulphathiazole, 273
DRILLIEN, Cecil Mary: Studies in prematurity, 69

E

ELGOOD, F. R. M.: Intestinal distension in infants, 144
ELLIS, Richard W. B.: Puberty growth of boys, 17
Erb's palsy (B. Wolman), 129
Erythema exudativum multiforme in childhood (A. V. Neale), 183
Erythema nodosum in children following administration of sulphathiazole (S. A. Doxiadis and D. McLean), 273
European milk problem (Henry F. Helmholz), 149
EVANS, P. R.: Antecedents of infantile cerebral palsy, 213

F

FARQUHAR, James W.: Juvenile thyrotoxicosis treated with thiouracil, 259
Feeding of infants, amino acids in (James M. Smellie), 98
Fibrocystic disease of the pancreas, congenital (Agnes R. Macgregor and Kenneth Rhaney), 56
Fiedler's myocarditis (H. Everley Jones and A. G. Marshall), 201
Folic acid in coeliac disease (John Duncan Hay), 220
FRANKLIN, A. White: Residential school in the treatment of bronchiectatic children, 144
FRAZER, Muriel J. L.: Neonatal infections in the nurseries of a maternity hospital, 107

G

Gastric contents, pneumonia in the newborn resulting from inhalations of (Kenneth Rhaney and Agnes P. Macgregor), 254
Gastro-enteritis, casein hydrolysate for liver failure in (B. Schlesinger), 143
Gastro-enteritis, etiological aspects of (E. Hinden), 27; 33
Gastro-enteritis, occurrence of oedema in infantile (Joseph Berkeley), 114
Genitals, infective granuloma of, in children (G. H. V. Clarke), 297
Giardia lamblia (E. H. Brown), 119
Glandular fever, an epidemic of (F. R. Buckler), 90
GLOVER, J. Alison: The paediatric approach to tonsillectomy, 1
Granuloma, infective, of the genitals in children (G. H. V. Clarke), 297
Growth, puberty, of boys (Richard W. B. Ellis), 17
GUTHRIE, Katharine J.: Lymphosarcoma of the intestine in a child, 195

H

Haemorrhagic tendency of the newborn, cause and significance of seasonal variation in (E. Kerpel-Fronius, F. Varga, and E. Kátai Pál), 87
HARDY, R. H.: Congenital disease of the heart with sub-diaphragmatic situs inversus, 132
HAY, John Duncan: Folic acid in coeliac disease, 220
Heart block in children, complete: report of three cases possibly attributable to measles (Norman S. Clark), 156
Heart, congenital disease of (R. H. Hardy), 132
Heart disease, nutritional state of children with chronic rheumatic (Joseph Benn), 171
HELMHOLZ, Henry F.: Milk: a European child health problem, 149
HINDEN, E.: Etiological aspects of gastro-enteritis, 27; 33
H. influenzae meningitis (I. A. B. Cathie and S. D. V. Weller), 205
HODSON, C. J. (and C. A. Neill): Post-pneumonic pneumatocele, 144
Hypoplastic anaemia, chronic, arising in infancy (Thomas Robson and Patrick J. Sweeney), 294

I

Infections, neonatal, in the nurseries of a maternity hospital (Muriel J. L. Frazer), 107
Intestinal distension in infants (F. R. M. Elgood), 144
Intestinal obstruction in children and infants, radiology of (J. H. Middlemiss), 247
Intestine, lymphosarcoma of, in a child (Katharine J. Guthrie), 195
Isolated myocarditis (H. Everley Jones and A. G. Marshall), 201

J

Jaundice, neonatal sepsis with (J. I. de Bruyne and S. van Creveld), 84
JONES, H. Everley (and A. G. Marshall): Isolated (Fiedler's) myocarditis, 201

K

KERPEL-FRONIUS, E. (and F. Varga and E. Kátai Pál): Cause and significance of seasonal variation in the haemorrhagic tendency of the newborn, 87

L

LANDTMAN, Bernhard: On the relationship between maternal conditions in pregnancy and congenital malformations, 237
Liver failure in gastro-enteritis treated with casein hydrolysate (B. Schlesinger), 143
Lymphosarcoma of the intestine in a child (Katharine J. Guthrie), 195

M

McCANCE, R. A. (and Andrew Barlow): The nitrogen partition of newborn infants' urine, 225
MACGREGOR, Agnes (and Kenneth Rhaney): Congenital fibrocystic disease of the pancreas, 56
MACGREGOR, Agnes (and Kenneth Rhaney): Pneumonia in the newborn resulting from the inhalation of gastric contents, 254
MACGREGOR, M. E.: Renal calcification in infancy, 145
McLEAN, D. (and S. A. Doxiadis): Erythema nodosum in children following administration of sulphathiazole, 273
MAGGIONI, Giorgio F.: Salicylate therapy in children, 40
MARSHALL, A. G. (and H. Everley Jones): Isolated (Fiedler's) myocarditis, 201
Maternal conditions during pregnancy and congenital malformations, relationship between (Bernhard Landtman), 237
Maternity hospital, neonatal infection in the nurseries of (Muriel J. L. Frazer), 107
Measles, possible cause of heart block in children (Norman S. Clark), 156
Meningitis, H. influenzae (I. A. B. Cathie and S. D. V. Weller), 205
Mental development, relation of birth weight to (C. Asher), 142
MIDDLEMISS, J. H.: Radiology of intestinal obstruction in children and infants, 247
Milk: a European child health problem (Henry F. Helmholz), 149
MONTGOMERY, G.: Eight fatal cases of tuberculous meningitis treated with streptomycin, 142
MORGAN, Lucille: Radial nerve paralysis in the newborn, 137
MOSELEY, J. H.: The place of oral penicillin in paediatrics, 193
Mouth, pH of, in newborn infant (John Thomson), 48
Myocarditis, isolated (H. Everley Jones and A. G. Marshall), 201

N

NEALE, A. V.: Erythema exudativum multiforme in childhood, 183
NEILL, C. A. (and C. J. Hodson): Post-pneumonic pneumatocele, 144
Neonatal arthritis due to proteus vulgaris (Andrew Bogdanovitch), 65
Neonatal behaviour of infants born (a) by spontaneous and (b) by forceps delivery (C. Balf), 142
Neonatal infections in the nurseries of a maternity hospital (Muriel J. L. Frazer), 107
Neonatal sepsis with jaundice, cause of nuclear jaundice in (J. I. de Bruyne and S. Van Creveld), 84
Neurotic breakdown in children with refusal to go to school (W. Warren), 266
NICHOLSON, D. N. (and A. E. Claireaux): Sclerema adiposum, 290
Nitrogen partition in newborn infants' urine (Andrew Barlow and R. A. McCance), 225
NORMAN, A. P.: Spina bifida cystica, 142
NORMAN, A. P. (and D. Walker Ashcroft): Congenital atresia of posterior choanae, 210
Nuclear jaundice, cause of, in neonatal sepsis with jaundice (J. I. de Bruyne and S. van Creveld), 84

Nurseries, neonatal infections in, of a maternity hospital (Muriel J. L. Frazer), 107
Nutritional state of children with chronic rheumatic heart disease (Joseph Benn), 171

O

Oedema in infantile gastro-enteritis (Joseph Berkeley), 114
Oesophageal obstruction in children (J. D. Pickup), 146

P

Paediatric approach to tonsillectomy (J. Alison Glover), 1
PÁL, E. Kátai (and E. Kerpel-Fronius and F. Varga): Cause and significance of seasonal variations in the haemorrhagic tendency in the newborn, 87
Pancreas, congenital fibrocystic disease of (Agnes Macgregor and Kenneth Rhaney), 56
Panhaematopenia, splenic (S. van Creveld), 163
Paralysis, radial nerve, in the newborn (Lucille Morgan), 137
PAYNE, W. W.: Persistent acidosis in infancy, 145
Penicillin in paediatrics, oral (J. H. Moseley), 93
Perinatal deaths in Czechoslovakia (H. Šikl), 231
pH of the mouth in the newborn infant (John Thomson) 48
PICKUP, J. D.: Oesophageal obstruction in children, 146
Pneumatocele, post-pneumonic (C. J. Hodson and C. A. Neill), 144
Pneumonia in the newborn resulting from the inhalation of gastric contents (Kenneth Rhaney and Agnes P. MacGregor), 254
Poliomyelitis, the initial illness of (J. C. Spence), 143
Potassium, observations on metabolism of, from a study of the renal clearance (H. Ellis C. Wilson), 176
Pregnancy, maternal conditions during, and congenital malformations (Bernhard Landtman), 237
Prematurity, studies in (Cecil Mary Drillien), 69
Pre-school period, development and progress of prematurely born child in (Cecil Mary Drillien), 69
Proteus vulgaris, neonatal arthritis due to (Andrew Bogdanovitch), 65
Puberty growth of boys (Richard W. B. Ellis), 17
Pyruvic acid level, blood, in infancy (E. C. Allibone), 7

R

Radial nerve paralysis in the newborn (Lucille Morgan), 137
Radiology of intestinal obstruction in children and infants (J. H. Middlemiss), 247
Renal calcification in infancy (M. E. MacGregor), 145
Residential school, place of, in treatment of bronchiectatic children (A. White Franklin), 144
RHANEY, Kenneth (and Agnes Macgregor): Congenital fibrocystic disease of the pancreas, 56
RHANEY, Kenneth (and Agnes Macgregor): Pneumonia in the newborn resulting from the inhalation of gastric contents, 254
Rheumatic heart disease, nutritional state of children with chronic (Joseph Benn), 171
Rheumatic infection in children (K. H. Tallerman), 146
ROBSON, Thomas (and Patrick J. Sweeney): Chronic hypoplastic anaemia arising in infancy, 294

S

Salicylate therapy in children (Giorgio F. Maggioni), 40
SAMMAN, P. D. (and O. D. Beresford): Congenital skin defects of the newborn, 190
Scalp, congenital defect of (Simon Yudkin), 61
SCHLESINGER, B.: Treatment of liver failure in gastro-enteritis with casein hydrolysate, 143
School, refusal to go to (W. Warren), 266
Sclerema adiposum (D. N. Nicholson and A. E. Claireaux), 290
Seasonal variation in the haemorrhagic tendency in the newborn (E. Kerpel-Fronius, F. Varga, and E. Kátai Pál), 87
Sepsis, neonatal, with jaundice (J. I. de Bruyne and S. van Creveld), 84
Septicaemia of the newborn (R. McLaren Todd), 102
SEWART, Margaret: Congenital interruption of the aortic arch, 63
SHANKS, R. A.: Convulsions in childhood, 281
ŠIKL, H.: Perinatal deaths in Czechoslovakia, 231
Situs inversus, congenital disease of the heart with sub-diaphragmatic (R. H. Hardy), 132
Skin defects, congenital (O. D. Beresford and P. D. Samman), 190
SMELLIE, James M.: Amino acids in the feeding of infants, 98
SPENCE, J. C.: Initial illness of poliomyelitis, 143
Spina bifida cystica (A. P. Norman), 142
Splenic panhaematopenia (S. van Creveld), 163
Streptomycin, eight fatal cases of tuberculous meningitis treated with (G. Montgomery), 142
Sulphathiazole, erythema nodosum in children following administration of (S. A. Doxiadis and D. McLean), 273
SWEENEY, Patrick J. (and Thomas Robson): Chronic hypoplastic anaemia arising in infancy, 294

T

TALLERMAN, K. H.: Present incidence of rheumatic infection in children, 146
Thiouracil, juvenile thyrotoxicosis treated with (James W. Farquhar), 259
THOMSON, John: The pH of the mouth in the newborn infant, 48
Thyrotoxicosis, juvenile, treated with thiouracil (James W. Farquhar), 259
TODD, R. McLaren: Septicaemia of the newborn, 102
Tonsillectomy, paediatric approach to (J. Allison Glover), 1
Tuberculous meningitis, eight fatal cases of, treated by streptomycin (G. Montgomery), 142

U

Urine, nitrogen partition in newborn infants' (Andrew Barlow and R. A. MaCance), 225

V

VARGA, F. (and E. Kerpel-Fronius and E. Kátai Pál): Cause and significance of seasonal variation in the haemorrhagic tendency in the newborn, 87

W

WARREN, W.: Acute neurotic breakdown in children with refusal to go to school, 266
WELLER, S. D. V. (and I. A. B. Cathie): H. influenzae meningitis, 205
WILSON, H. Ellis C.: Observations on the metabolism of potassium from a study of the renal clearance, 176
WOLMAN, B.: Erb's palsy, 129
WRIGHT, T.: Incidence and possible significance of the choroidal tubercle, 141

Y

YUDKIN, Simon: Congenital defect of the scalp: an infant with a bullous lesion at birth, 61

PRINTED BY HEADLEY BROTHERS, 109 KINGSWAY LONDON, W.C.2; AND ASHFORD, KENT
